The architectural site plan is divided into five horizontal sections. The top section is labeled 'BEHE OINA' (Basement) and shows a building layout with various rooms, including a kitchen, dining area, and office spaces, along with a parking area and a car. The next four sections are labeled '1 SOLAIRUA', '2 SOLAIRUA', '3 SOLAIRUA', and '4 SOLAIRUA' (Solar Panels). Each section shows a different arrangement of furniture and equipment within the building's footprint, illustrating the development of the project. The plan includes a grid system, a north arrow, and a scale of 1:200. The building is situated on a plot with a road and trees on the left side.
