out to govt/ redeemed and changes introduced.

L. 91 Cha.

2.60 Ha.

Originally owned by Juan G<sup>+2</sup> generation

Taken by the NG (NPT) and then redeemed in 1939 by Joaquin (G+1)  
the youngest of Jose's offsprings and it is still under his name.

The fact that it was taken by the govt. and redeemed introduced changes,  
otherwise it should have been under all the siblings' names.

Lot 93 Q-4

As told by informants was originally owned by the Aguon family but because of its location in reference to adjacent land parcels supports the likely ownership of the Quinata rather than that of the Aguons.

~~We do not have direct evidence of how or when land held by~~
